

# Nitrogen Purge

Nitrogen Purge Systems work with new or existing packaging lines. These systems work to replace oxygen in containers or container headspace to increase shelf life while preserving the flavor, texture and color of the product. Nitrogen purge systems are available for pre-fill, post-fill or pre-can purging.

## Standard Features:

- Pre-Fill, Post-Fill or Pre-Cap Purge
- Conveyor Mounting Packaging or Portable Frame
- Easy Set-Up, Operation and Adjustment
- Tool-Free Adjustment
- Handles a Variety of Container Shapes & Sizes
- No Change Parts Necessary for Most Applications
- Designed to Integrate with Existing Machinery
- Robust Construction for 24/7 Performance
